

MICROFIBER SPONGE

MICROFIBER CAR SPONGE

DISCRIPTION

MICROFIBER SPONS has two different sides: one side is equipped with an insect net that reliably removes stubborn dirt such as insect debris, fly droppings, bird droppings, etc. The other side has ultra-soft, dirt-absorbing microfibres. The car cleaning sponge is ideal for cleaning vehicles without damaging the paint. Cleaning windows and mirrors is also child's play with the microfiber car sponge.

Contents: 1 piece
