

WHEEL CLEAN PRO

PROFESSIONAL RIM CLEANER

DISCRIPTION

WHEEL CLEAN PRO is suitable for all steel and (light) metal rims and hubcaps. Highly concentrated, pH-neutral and has no influence on steel, aluminium or rubber. WHEEL CLEAN PRO prevents new accumulation of dirt, is safe for the tyres, easy to use and does not need to be diluted.

CHARACTERISTICS

- Silicon-free formula.
- Long lasting effect.
- High gloss.
- Wet look.
- Economical in use.

APPLICATION

Spray the contaminated rims with WHEEL CLEAN PRO. Leave the product on for a while or brush in with a brush with soft bristles. Finally rinse the rims with water. Preferably rinse with a high-pressure sprayer.

Warning: Do not use RMC Wheel Clean Pro on hot or warm rims.

Contents: 12 x 1 liter/carton
