

EXTERIOR SPRAYWAX

WAXSPRAY

DISCRIPTION

EXTERIOR SPRAYWAX offers a perfect and quick solution for applying or repairing a wax layer on the outside of your vehicle. Its unique formula allows an additional protective layer to be added on top of the existing wax or coating to enhance the vehicle's shine and protective performance. EXTERIOR SPRAYWAX is specially designed to remove dust and water stains. Vehicles get a great shine with a great wetlook finish.

CHARACTERISTICS

- Very durable protection.
- Superior gloss.
- Can be used in direct sunlight.
- Can be used on dry and wet surfaces.

APPLICATION

Spray and rub in.

For optimum results, use a RMC microfibre cloth.
